PROVIDING FUN AND SAFE SUMMERS FOR MORE THAN 30 YEARS

At **Camp Invention®**, we have always found the right ways to bring hands-on STEM activities to children across all 50 states (plus D.C. and Puerto Rico!). We believe every child can invent, and we're inviting you to safely and creatively get your camp on when you join us for the best summer ever.

PERSISTENCE

Build and test a device to launch rubber ducks, overcoming challenges to reach landmarks around the world while exploring the fun of physics.

CONFIDENCE

Find your unique voice and amplify your big ideas as you reverse engineer a wireless microphone and put design thinking into action.

CREATIVITY

Stretch your imagination as you design a nature-inspired, morphing vehicle that travels on land, and add prototype elements to adapt it for air and water.

PROBLEM SOLVING

Develop helpful inventions for your very own SolarBot – a cool, robotic cricket inspired by real insects and powered by solar cells.

Camp Invention is a **nationally acclaimed summer STEM program** led by certified local educators and grouped by grade level to create effective, encouraging learning environments.

2021 FEATURED ITEMS:

Each camper gets their own **SolarBot, Microphone, Road Rally Car and Duck Launcher!**

CAMP INVENTION AT-HOME THIS SUMMER!

Camp Invention At-Home builds on our trusted approach to invention education to offer a new hybrid of on- and off-screen learning and fun. This flexible, at-home program delivers materials direct to each participant's door, involves minimal screen time and fosters a sense of community. Local educators serve as Coaches, offering virtual learning sessions to spark imaginations and help children build an innovation mindset. Register at [INVENT.ORG/CAMP](https://www.invent.org/camp) or 800-968-4332.

Camp Invention® is for children entering grades K-6th.
